

U8 BRIDGE to FCX Program Outline

FCX provides comprehensive, professional training for players who are committed to improving their level of play. We pride ourselves on only utilizing coaches who have extensive experience and qualifications. It is hoped these high standards will spread amongst our players and will enable them to develop a desire for higher achievement not only in soccer but in education, citizenship, and physical and mental fitness. It is our goal at FCX to develop the best players and teams possible.

The Bridge program is a combination of our BASA Recreational program and our FCX Travel program. It is for our youngest age players looking to improve not only technically and athletically but also want to develop a love for the game!
