

## Dedham Youth Hockey Tryout Guidelines

Welcome parents and skaters! Below is some information which you may find helpful relative to the tryout process.

- Players must report 20 minutes prior to the first specified ice time in order to register.
- Players are issued a numbered pull-over which must be worn at all tryouts. Pullovers are to be returned at the end of each tryout session.
- **Skaters cannot wear shirts with their names on the back.**
- Each player is expected to attend all tryout sessions and to be on time.
- Tryouts are designed to place players with players of similar ability.
- Teams will be chosen after all tryouts have been completed. Parents will be notified of their player's placement via email.
- Tryouts are often more stressful for the parents than for the players. The best advice that you can give your child is **not to fool around**, pay attention to the on-ice coaches, give their best effort and **have fun**.
