

To insure the safety and well being of each Summer Camp Participant - Coerver Coaching has initiated some NEW Camp Protocols to be followed.

### Prior To Attending your Camp Selection

- Each participant must have no signs or symptoms associated with the COVID19 virus or any other infectious disease for a Minimum of 2-weeks prior to attending camp.
- Each parent must sign our NEW COVID19 Declaration Sheet prior to arriving at your first day of camp
- Each Parent MUST complete the DAILY Mobile Check-In/ Check-Out sheet to drop off or pick up camp participants EACH time/ each day!
- Make sure your camp participant has a face mask ON when arriving to the camp complex.
- Each Participant must have the following in (1) Duffle or Back Pack:
  1. Soccer ball
  2. Soccer shoes
  3. Lunch \*if Camp Type is 4-6 hours in length per day.
  4. Sunscreen
  5. Towel and /or Antiseptic hand wipes
  6. Personal Water Container\* Labeled with their name

**NOTE:** All Coerver Coaching Camps have both Water and Gatorade available throughout the days. Camp Participants are NOT allowed to touch the containers at Any Time! Coerver Staff Coaches will administer each participants choice in individual "clean/new" Gatorade cups for each hydration break.

### Arrival at Camp Location

- Make sure your camp participant has a face mask ON while approaching the camp field complex entrance.
- Each Participant MUST stop at the designated field entrance to have their temperature taken with an approved infrared Thermometer Gun.
- Arriving participants must adhere to 6ft social distancing while waiting for their turn at Temperature Checks.
- Once OK'd for Temperature, each participant must go to their assigned Training Field (Marked by Numbers) and find their Field-Bag Locker space. This is where they will put their gear bag and keep any personal belongings for the day.
- Training Fields will be 40 yards x 40 yards separated by 15 yards all the way around. Each Training Field will only contain (1) Training Group with a maximum number of (10) participants
- NOTE: in the original registration process you were asked to fill in any "friend or teammate" requests to be in the same working groups for your camp selection. We will always try to accommodate these requests prior to camp.
- After your participant proceeds to the assigned Training Field, you will be given a Camper Weekly ID Credentials. This is a piece of paper with a corresponding control number for your player. You NEED this sheet to Pick-Up at the end of the day (no exceptions)

### Dismissal at Camp Location

- Parents can NOT come into the participant Training areas!
- Training Groups will exit their assigned Training Field ONLY when all participants in the group have collected ALL their personal items from their Field-Bag Locker space on the field.
- The Coerver Staff person will instruct ALL the group participants to put on their arrival masks and walk the group (in 6ft intervals for safe distancing) to the field complex entrance/exit area.
- ONLY participants that are Checked Out on the DAILY Mobile Check-Out Form will be allowed to Leave the Coerver Staff from their supervision. You MUST Check your player out online each day.
- The participant/player groups will be lined up and PICK-UP will be similar to many schools. Parents must stay in their car and form a car pick-up line at the designated start point. A Coerver Staff person will ask to see your Weekly ID Credentials and notify the corresponding Group Staff person (via walkie-talkie) to release your player for Pick-up. Please - do not get out of your car. We will NOT release players to any person that walks up to the Group areas (whether you have the correct ID credential).

We sincerely understand the inconvenience this may cause in the Drop-Off and Pick-Up Process. Please understand we have your Child's Health and Safety a paramount concern and part of our Core Values.

THANK YOU for trusting Coerver Coaching with your child's Player Development. We pledge to give each participant a World Class Experience!

To Fuel and Prepare your participant for a great camp experience, please visit the Gatorade Sports Science Institute for valuable information and tips on Peak Performance <https://www.gssiweb.org/en/education-resources/all>
