

*Everyone loves an underdog story.  
And have we got one for you!*

It is widely known that youth sports have become cost-prohibitive for many families. Paid coaches with little connection to the families plus the maintenance of fields makes the cost to families greater and greater each year. [1], [2]

**Coventry Soccer – PA** is different. We are a *volunteer-run* club that puts the kids first. Our coaches take grassroots courses and volunteer their time to help bring the beautiful game to as many kids as possible. As Philadelphia Union Gold Affiliates we start our recreational league with a great Philadelphia Union Rec program at age 6 and continue up through U18. We also have a competitive travel program and have been making a splash recently with a few teams!

The new **National 1 League** has accepted our current U14 boys, U15 girls and the Hurricanes U17 boys team to play in this top team-based competition in US Club Soccer and US Youth Soccer designed to elevate teams across the country into a unified national platform integrated with the ECNL. [3]

The U17 Hurricanes just made it further in State Cup competition than any other Coventry team. They won out at the Eastern PA Presidents Cup then went even further and won the entire East Regional Tournament in CT that qualified them to play at Nationals in Wichita, KS beginning July 7th. [4], [5]

*You know what comes next.*

We don't have the backing of a large club that pulls in \$2.4 million and pays its coaches 12% of their operating budget. **We just don't.**

If the Hurricanes want to compete at Nationals, each family will have to come up with travel expenses to do so.

Our qualifying win was just 2 weeks out from the Nationals competition and has made this a scramble to find flights amidst a World Cup.

But we're determined to do it and give these boys the chance to make history!

We are reaching out to our community to support this amazing group of players. A handful have been playing together since they were 8 years old and the rest have joined along the way from **Owen J. Roberts, Pottsgrove, and Spring-Ford!**

*Can you help the Coventry Hurricanes get to Wichita?*
