

Training Policy

Subject: Behavior

The Rebels Soccer developed a program to advance the skills of all players.

Part of that plan is to provide Professional trainers for our teams.

Part of the cost is supported by the club. The parents also pay part of the cost through trainer fees.

Training has become an integral part of traveling soccer.

Training requires attendance, attention, and action.

One person's negative attitude or actions can distract the trainer and ruin training for the rest of the participants.

Parents please be aware of this. The club will take the necessary action to ensure a good environment for training.

Step 1) Player will be counseled by the trainer and coach.

Step 2) The parents will be notified by the appropriate director and corrective action will be expected.

Step 3) The player will be dismissed from the training program for the good of soccer. There will be no refund.

Sincerely,

Rebels Soccer Club
