Safety Tips

In order to help prevent heat related player problems, precautions must be taken in order to make sure players on your team DO NOT hyperventilate or dehydrate. Have players drink plenty of water on game days.

1. Suggest players take drinks of water before going out on the field and when returning from the field. (Water coolers will be provided in dugout for the players & coaches)
2. If a player looks distressed while standing in the hot sun, notify the umpire then substitute that player and get them into the shade or dugout ASAP.
3. If a player should collapse as a result of heat exhaustion 911 will be called immediately. Get the player to drink water and use the ice bags available in the concession stand to cool him/her down until Medical Personnel arrives.
4. During inclement weather and thunderstorms, please be prepared to evacuate to your vehicles as directed and DO NOT Leave with a player until their manager has approval from the Tournament Coordinator.
5. BSLL and the City of Bonita Springs and Recreation follow the same COVID-19 guidelines recommended by the Florida Department of Health.
