- Discussed and agreed to put all 4 expanding chairs on t-ball field for the kids. Each of those teams have 12 kids so they need more than one. Kevin will purchase a box and put it on the t-field somewhere as storage for them and bases.
- Kevin suggested buying L-screens for the t-ball/AAA/AA games for the backstops to prevent balls being hit into patrons.
- NO tents behind the home plate, only allowed on 1st/3rd baselines to prevent people from not being able to see the field. *This will be communicated to all teams.
- Please be sure on the pod to secure the arms correctly as it was jammed shut.
- Add more speakers to the outfield area as it was hard to hear in centerfield.

2. Umpire Report

- Conducted 3 trainings, one more coming as they had some late sign-ups.
- Mound visit is considered a visit if the coach crosses the baseline to the field.
- No coach is to be on a bucket outside of the dugout. They can be outside of the dugout standing or against the fence.
- Sign-ups for games went quick and are filled.

3. Field Setup

- Great turnout and went fast.
- \$400 to put up our batting cages, great money spent.
