

JUNIOR ACADEMY

WOLVES

HAWKS

Have you ever wondered how some soccer players manage to control the soccer ball well and are the dominant players on the field? The answer is that they've probably received more advanced training!

Our **Junior Academy** is designed for players born in years 2008-2014 (5 through 11 years old) seeking higher level skill development in a fun environment. The sessions will be overseen by the STSA Director of Coaching and facilitated by experienced, licensed coaches. They will be taught advanced technical topics for dribbling, passing, shooting, defending and most importantly, ball control moves.

WHAT'S INCLUDED WITH THE JUNIOR ACADEMY:

- ⚽ Professional Nationally Licensed Coaches
- ⚽ Individual Player Development
- ⚽ Motor Skill and Social Development
- ⚽ Technical Training & Ball Control Moves
