WELCOME TO OUR PROGRAM

The Finger Lakes Youth Football and Cheerleading League, Inc. would like to welcome you to our program. It is our hope that you will find this a positive and rewarding experience. Our constructive program is designed to teach the fundamentals of football and cheerleading to all boys and girls who meet age, weight, and health requirements.

This program is designed for participation. With the growing trend in youth sports programs to “win at all costs”, we feel it necessary to have a program with participation, education, and fun.

Every eligible team member who has learned his/her assignments shall play/cheer in every game. This will ensure that all children have fun, and it will fulfill each child’s natural desire to compete.

It is an opportunity for each child to make new friends and to experience the pride of being part of a team. It is also an opportunity for players to begin to understand the game of football and allow our club to better prepare our players to play in our tackle program in the future.

Every kid will have the experience throughout the season to play every position regardless of physical size or ability. Each child will be coached on the basic fundamentals of football through a progression of each skill.

CHEERLEADING STUNTS

Cheerleading stunts are one of the many tools cheerleaders use to motivate the crowds at sporting events. As athletes, cheerleaders need to master the necessary basic skills to properly execute stunts safely and effectively. Safety of all cheerleaders involved is the number one priority. If stunts are learned in a progressive manner, with a qualified instructor present, and proper spotting is employed at all times, the chance of injury will be greatly minimized.

Terminology:

Flyer: The cheerleader at the top of a stunt.

Base: The cheerleader(s) on the bottom that support the flyer in the lift and balance of the stunt. The base is usually in charge of the timing and balance of the stunt.

Spotters: The cheerleader(s) who help with the building, balance, and dismount of a stunt. The main responsibility of the spotter is to catch or support the flyer or base should the stunt begin to fall.
