VP Admin report	1. What are the consequences for volunteers not wearing a badge on the field? I am going to start looking for them and also ask you all to help do the same. 2. There is now a process for vendors like Kona Ice to be at the field on game days. We are splitting up days between Kona and Woody's Shaved Ice. 3. I set up a fundraiser night with a restaurant off Cantu Galleano. Waiting for final details but sounds like anyone that goes in on a Monday night and mentions NLL will be good for 10% donation to our league (excluding Happy Hour & alcohol). I believe it'll be every Monday until May.
Coaching coordinator report	At this point, I've touched base with most coaches not on the board a few times. So far they are enjoying the season and happy with where we are as a league. Can the board discuss: Letting managers reserve/use a WM Field2/3 bullpen once a week for an hr or two for pitching/catching practice? A few Managers have asked about this. I think it's a good idea but it's allowed we should have some sort of process that's followed and put it out on the manager groupme thread.

	<p>There's a good amount of frustration from Manager/Coaches/Parents with how kids were moved from AAA to Majors. If we send out a brief email to managers and/or parents to explain how it worked it would be beneficial. Just to bring a little transparency and understanding to those who don't have experience with LL matters.</p> <p>Is there an update on when will Parmenter be open? I have Managers asking every week when they will start two practices a week.</p>
