Old Business BMOD Shifts & Identification Tournaments	End of spring we had a lot of BMOD Shifts. Will ask new 2025-26 Board. Board Members We discussed wearing shirts and hats etc. Let's keep it simple we can have different color badges Blue or red for example. If they see the badge, they know you are a board member, that inexpensive way to end the debate that they can never find a member. we should be carrying our badges anyway. C Dunkel will look into options On going D72 All Stars

Fields for Fall	<p>Have community this year. Parmenter we share and NGS has Clark</p>
Fall ball development plan	<p>We have some parents that have experience with high school, college, etc to help get the kids better. We should strongly consider developing fall ball mini camp. We separate in three groups ages 4-8 on field 3, 9-12 on field 2, junior and seniors and 50/70 field 1. Before we start we run a coaches clinic to apply training skills and run drills and create a practice plan. This is more for the younger kids in effort to help grow our own leagues competitiveness and future development for longer sustainability and community outreach. I think this will help one: capture new families Two: Sustain and grow a stronger bond with our community. Three make Norco baseball stronger and more competitive in tournament play. Maybe have it be a District Event Not going to have SB during fall. Will discuss</p>
