

HVABSA League-Wide Fundraiser Guidance

The Executive Board has reviewed and aligned on expectations regarding league-wide fundraising to ensure consistency, fairness, and long-term financial sustainability for HVABSA.

Primary Fundraiser Priority

The league-wide fundraiser is designated as HVABSA's primary and prioritized fundraising effort. Participation is strongly encouraged, as proceeds directly support league-wide benefits across baseball and softball programs.

Participation Expectations

Participation decisions remain with individual families and teams. However, the expectation is that teams support the league-wide fundraiser as the primary means of raising funds that benefit all programs.

Independent Team Fundraisers

HVABSA will not endorse, support, or promote individual team fundraisers that conflict with the timing or purpose of the league-wide fundraiser. Independent fundraisers that overlap or compete with league-wide efforts will not be sanctioned by HVABSA.

Purpose and Intent

This guidance is intended to maintain fundraising integrity, avoid mixed messaging to families, and protect the league's financial health while continuing to support equipment, training, and team benefits.

These expectations will guide fundraising decisions moving forward and will be revisited as needed to ensure alignment with league goals.
