Second Touch Soccer

Second Touch Soccer is where young players take the next step! Designed for U9 to U12 boys and girls, this program gives players the opportunity to continue growing in a fun, safe, and encouraging environment. With an emphasis on maximizing touches on the ball, equal playing time, and continued skill development, Second Touch Soccer helps athletes build confidence while fostering teamwork, creativity, and a lifelong love for the game. Teams are coached by volunteer parents.

For this age group, all games are played in the Pierce County Soccer Association (PCSA), giving players the chance to compete against teams from neighboring clubs while still enjoying the support of their Harbor Soccer community. Home games for 7v7 are hosted at Harbor Heights, while 9v9 matches take place at Goodman Middle School and TCC - Gig Harbor Campus. This structure ensures players gain valuable experience in different formats of the game while playing close to home. Second Touch Soccer provides the perfect environment for young athletes to learn, grow, and take their passion for the game to the next level, all while building friendships and memories that will last well beyond the field.
