Final Third Soccer

Final Third Soccer is where players rise to the challenge! Designed for U13 to U19 boys and girls, this program provides an opportunity to play at a more competitive level while maintaining a balanced commitment of time and fees. Final Third Soccer is the perfect fit for athletes who want to sharpen their skills, compete against quality opponents, and continue to enjoy the game while balancing other sports, activities, and school commitments.

The emphasis of Final Third Soccer is on growth, teamwork, and competition, while still keeping the spirit of fun and community at the heart of the program. Club soccer gives players the chance to stay active with friends, represent Harbor Soccer on the field, and develop the confidence and abilities that will benefit them both in the game and in life.

Final Third Soccer is the ideal place for middle school and high school players who want to continue their soccer journey in a competitive yet welcoming environment, building lifelong memories while pushing themselves to reach new goals.
