

Valley Isle Softball Little League

SCHOLARSHIP FORM

Valley Isle Softball Little League (VISLL) firmly believes that any child who wishes to play Little League Softball should be able to do so regardless of their financial situation. VISLL offers scholarships for players where the registration fee would pose a hardship for the family. The success of VISLL and its scholarship program is dependent upon members of the community stepping forward to assist with the many tasks associated with running the league. Anyone applying for a scholarship is asked about how they can volunteer to make VISLL a better league.

Please complete and submit the form below to Vi.softball.ll@gmail.com. Once the application has been received, the VISLL Scholarship Committee will review the application and notify applicant of a decision via email within 5 days.

If the scholarship request is approved, the following terms and conditions will apply,

1. The scholarship will cover full or partial registration fees for only one season.
2. Parent/guardian agrees to volunteer a set number of hours with the league depending on the amount of the scholarship.
3. All information contained within the application is strictly confidential and access will be limited only to members of the Valley Isle Softball Little League Scholarship Committee, which is made up of members of VISLL's Board of Directors.
