

2019-2020 REC PLUS ACADEMY INFORMATION

Indy Premier welcomes you to join our Rec Plus Academy Program for the 2019-20 soccer season. Our goal is to develop players to the best of their ability by focusing on skill development, building positive attitudes and growing the love of the game. The Rec Plus Academy Program at Indy Premier has grown to over 1,300 participants from 4-18 years of age. This program is designed for all ability levels from beginners to experienced players who are looking for a positive soccer environment that offers high quality training and flexibility that compliments busy family schedules.

A COMMITMENT TO COACHING

In addition to player development, we also focus on coach development. Our volunteer parent coaches receive hands on training from the club staff and are given the guidance and tools they need to succeed. At Indy Premier we strive to have the best coaches available at all levels of play to provide the best experience possible for our players. The Rec Plus program is organized and administered by our highly licensed training staff which allows our volunteer coaches the ability to focus on practices and games rather than administrative duties.

TEAM FORMATION PROCESS AND TRAINING STRUCTURE

Rec Plus teams will be formed using 3 different criteria. 1)Player evaluations 2)Geographical demographics 3)Requests. Forming balanced, competitive teams is the goal, therefore not all requests can be met. Evaluations are performed for new 1st-8th grade players after the registration period closes and before each season starts. PK/K & High School players will be evaluated during the first week of each season.
