- **Scorebook**

- The following scorebook examples are meant as an example only.
- Coaches may prefer different items tracked and/or in a different manner.

- **Key Definitions**

- **Goal** – A goal is scored when a loose ball passes from the front, completely through the imaginary plane formed by the rear edges of the goal line, the goal posts and the crossbar of the goal, regardless of who supplied the impetus.
- **Goalkeeper Save** – A save is recorded any time the ball is stopped or deflected by the goalkeeper's body or crosse in such a manner that had the ball not been stopped or deflected it would have resulted in a goal.
- **Assist** – Any one direct pass by a player to a teammate who then scores a goal without having to dodge or evade an opponent other than the goalkeeper. Only one assist is possible per goal.
- **Team Goal** – A goal scored by a member of the defensive team on its own goal is a team goal.
- **Time of Goal** – Time of goal is to be recorded as the time remaining in the quarter. It is the time "on the clock."
- **Shot** – A ball propelled toward the goal by an offensive player either via a pass, a kick or otherwise physically directed. If the ball ricochets from another player and results in a goal – no shot is awarded. Any shot at the goal.
- **Shot on Goal** – On a shot that results in scoring or those saved by the goalie.
- **Ground Ball** - Any ball not in possession of one team that becomes into possession of that team while in live-ball play is deemed a ground ball. It may be an intercepted pass, a loose ball on the ground, a goalie snagged catch. The ball must be obtained under pressure – whereby an opponent is within five (5) yards of the loose ball. If the player drops the ball on his own volition and pick it up again, no ground ball is awarded. Contestation is a must.
