What Is Junior Academy?

A program for 4-8 year old boys and girls designed to introduce players to the game of soccer. Join our professional and licensed trainers as they teach your player critical soccer skills and techniques. Emphasis is on learning the game while loving to play. Players will rotate through a 90 minute combination game and training session 1x/week to develop their skills and learn to love the game. All players are welcome. The Jr Academy is a great supplement to AYSO and Park District programs

Join us this spring for an introduction to the Jr Academy program!
