Picture Day Information

Please park in the lot adjacent to Foss High School and enter through the back fence there. We are asking that all parents remain in the lower level while teams are getting photographed to reduce the number of people on the deck. Players will be going up the ramp and the stairs to keep traffic at a minimum. Please arrive 15 minutes ahead of your scheduled picture time to get lined up with your team.

All ordering takes place after your athlete has been photographed. Once their team has completed getting individual and team photos taken you will receive a link via email with proof images of your athlete to review and place an order. Links generally arrive within 30 minutes of the completion of a team's picture day time slot.

Open the email and click "view all my photos" or simply click on your child's picture to access the proofs. Once you have reviewed the proofs, please select your favorite individual pose, and click "continue to order" this will take you into our retail site that shows all available packages and a la carte items.

On the retail site you can order any of our packages or a la carte items – you are able to control the crops and captions by zooming in on your player and adding their team information to any products that allow for it. Please take the time to review your captions before placing your order.

If you are ordering for more than one child, you are now able to order for more than one athlete by clicking "order for another" and searching for a sibling's name. Those images are easily added to your existing cart for only one single transaction per family.

All orders will be mailed back to the home address supplied at the time of ordering and should be expected within 7-10 business days.

If you do not receive your ordering link or have any questions, please contact Legends Sports Photography at info@legendssportsphotos.com – don't wait to reach out as there are incentives for ordering quickly.
